

G-Research PhD Prize in Quantitative Finance

Academic Prize of up to £10,000

G-Research are proud to sponsor this PhD Scholarship for those in their **final and penultimate** PhD years working across areas including, but not limited to:

Quantitative Finance
Mathematics
Mathematical and Computational Finance
Statistics
Physics
Engineering
Machine Learning

PhDs whose work has an impact on research in quantitative finance are also encouraged to apply.

Students wishing to apply should send an electronic chapter or excerpt of their draft dissertation to katie.laing@gresearch.co.uk. Comparable pieces of work/already published papers will also be accepted.

**Applications close on December 5th 2016
with results announced on January 19th 2017**

About us:
